

BSX Release

Early Redemption and Delisting of Lendco Limited Notes

Hamilton, Bermuda – 27 October 2026 – Lendco Limited (the “Company”) announces that its **£2,525,000 Issue #1 11% Secured Loan Notes** (the “Notes”), listed on the Bermuda Stock Exchange (“BSX”), were fully redeemed early on 23 June 2025, ahead of their original scheduled redemption date of 26 October 2026.

Following the early redemption, the Notes have now been delisted from the BSX.

About Lendco Limited

Lendco was formed in 2018 with the aim of addressing some of the known frustrations experienced by intermediaries in the UK Buy-to-Let mortgage market, as well as the Bridging Finance sector. Eight years on, we are now a multi-award-winning business with over £3.3 billion of lending under our belts.

We understand what it means to be an intermediary and the challenges that can come when servicing professional property investors. Our aim is to be always accessible, delivering common-sense lending decisions quickly.

We strive to bring a mature, “can-do” approach and a professional attitude to the specialist lending sector. This is reflected in our core values of underwriting transactions uniquely and carefully, while always acting with the utmost integrity.

Lendco receives funding from a number of major global banks and institutional investment funds and has completed eight public asset-backed securitisations through its Atlas programme since 2021, with cumulative issuance of approximately £2.9 billion.
